

Galliard Fixed Income Executive Summary

FIRST QUARTER 2025

Galliard was founded with the premise that fixed income active management can be successfully implemented to provide **LONG-TERM**, consistent outperformance while generating income and providing **SAFETY OF PRINCIPAL**.

Throughout our history, the foundation of our investment approach is based on a **CONSISTENT** and repeatable investment style that seeks to **DELIVER** competitive risk-adjusted returns based on the following investment beliefs.

OUR INVESTMENT BELIEFS

- High quality spread sectors provide a stable source of income and are the building blocks for constructing an efficient portfolio
- Fundamental research is the key to identifying the sectors and issuers that offer the best value
- Strategic diversification, across sectors and issuers, reduces risk and enhances return

Fixed Income Executive Summary

FIRST QUARTER 2025

ENDNOTES FROM PAGE 4 1: Representative composites account for 54% of total firm assets. Returns designated as being “before fees” are before investment management fees and include all income, realized and unrealized gains and losses, and all transactional costs. Returns designated as “after fees” are the “before fees” returns less the maximum investment management fee of 0.25% which may be charged by Galliard for management of each client’s account. Prior to 4/1/21 the maximum fee which could be charged by Galliard was 0.30%. Historical composite returns shown as after maximum fees reflect this fee reduction on the respective date. Returns also include the effect of compounding these fees and will be rounded to the nearest basis point. A client’s return will be reduced by any fees and other expenses it may incur in the management of its account. Galliard’s advisory fees are disclosed in the firm’s Form ADV Part 2 which is available upon request. Benchmark returns do not include potential transaction costs or management fees. For comparison purposes each benchmark is fully invested and includes the reinvestment of income. While it is believed that the benchmarks used here represent an appropriate point of comparison for the composites referenced above, prospective investors should be aware that the volatility of the above referenced benchmarks may be substantially different from that of the composites; and holdings in the composites may differ significantly from the benchmarks if the investment guidelines and criteria are different than the composites. 2: Value added before fees; may not add due to rounding. 3: Linked Benchmark: Prior to 7/1/18 was the ICE BofA 1-5 Yr U.S. Treasury & Agency Index. 4: Linked Benchmark: Prior to 7/1/18 was the Bloomberg U.S. 1-3 Yr Government Bond Index.

ENDNOTES FROM PAGE 5 1: Returns designated as being “before fees” are before investment management fees and include all income, realized and unrealized gains and losses, and all transactional costs. Returns designated as “after fees” are the “before fees” returns less the maximum investment management fee of 0.25% which may be charged by Galliard for management of each client’s account. Prior to 4/1/21 the maximum fee which could be charged by Galliard was 0.30%. Historical composite returns shown as after maximum fees reflect this fee reduction on the respective date. Returns also include the effect of compounding these fees and will be rounded to the nearest basis point. A client’s return will be reduced by any fees and other expenses it may incur in the management of its account. Galliard’s advisory fees are disclosed in the firm’s Form ADV Part 2 which is available upon request. Benchmark returns do not include potential transaction costs or management fees. For comparison purposes each benchmark is fully invested and includes the reinvestment of income. While it is believed that the benchmarks used here represent an appropriate point of comparison for the composites referenced above, prospective investors should be aware that the volatility of the above referenced benchmarks may be substantially different from that of the composites; and holdings in the composites may differ significantly from the benchmarks if the investment guidelines and criteria are different than the composites. 2: Accounts in the composite are managed to the structure of the individual plan liabilities. The benchmark is shown for informational purposes only and is calculated based on weighted allocation of the benchmarks of portfolios in the composite. The benchmark is rebalanced monthly based on the beginning values of portfolios included in the composite. As of 2/1/23 the breakdown of the benchmark is 55.0% Bloomberg U.S. Long Credit, 10.0% Bloomberg U.S. Long Gov’t, 22.5% Bloomberg U.S. Int. Credit, 12.5% Bloomberg U.S. Int. Gov’t. The breakdown of the informational benchmark for different time periods is available upon request. 3: Value added before fees; may not add due to rounding. 4: Linked Benchmark: Prior to 1/1/21 was the ICE BofA 3 Mo U.S. T-Bill.
